

## Spring 2007 Michigan Merit Examination (MME) Accommodations Summary Table

The Michigan Merit Examination (MME) will be given for the first time in the spring of 2007, provided federal approval is granted before November of 2006. The Michigan Department of Education (MDE) will submit to the U.S. Department of Education (USED) appropriate analyses of the pilot MME study conducted in the spring of 2006. MDE anticipates a response from the USED by November 2006

The MME consists of three major components: the ACT Plus Writing test, two WorkKeys tests (Applied Mathematics and Reading for Information), and Michigan developed items for science, mathematics and social studies. Based on analyses already completed, the MDE has determined that the Michigan developed items are necessary to meet federal requirements to measure the current Michigan content standards. The chart below outlines the Spring 2007 test organization.

ACT-Approved vs. State-Allowed Accommodations on the ACT

ACT is committed to ensuring that official ACT scores reported to colleges and other entities from MME testing are comparable to scores earned through other forms of ACT testing involving the application of ACT’s test accommodations policies. Therefore, effective with the Spring 2007 implementation of the MME, ACT will support the following two forms of accommodations on the ACT when it is administered as Day 1 of the MME:

- 1) **ACT-approved accommodations** that result in ACT scores that are fully reportable to colleges, scholarships, and other entities *in addition to* being used for MME purposes. Only students with professionally diagnosed and documented disabilities who receive accommodations in school should apply for ACT-approved accommodations.
- 2) **“State-allowed” accommodations** that result in ACT scores for MME purposes only. English language learners who do not have a disability but receive accommodations in school should request state-allowed accommodations.

Requesting Accommodations on the ACT

In general, all accommodations on the ACT must be requested and reviewed by ACT. Because testing will normally occur at the local school rather than a separate test center, some arrangements do not require review or prior approval from ACT (e.g., placement at the front of the room). Such arrangements are noted on the attached accommodations summary table as not requiring review if no other accommodations are requested.

All accommodated testing must be administered within a designated two-week window beginning on the initial test date for that component of the MME and ending on the makeup date for that component. All testing staff must meet ACT's requirements. If testing occurs outside the authorized window, or with procedures that conflict with ACT directions, or under the supervision of testing staff who do not meet ACT's requirements, the answer documents will not be scored.

All schools must appoint a Test Accommodations Coordinator (TAC) who will submit requests for accommodations to ACT. The TAC will have access to two different request forms specifically designed for the MME administration of the ACT:

- 1) **ACT-Approved Accommodations** – A customized request form will be used to request ACT approval of accommodations on the MME for students who meet ACT eligibility requirements.
- 2) **State-Allowed Accommodations** – This other form will be used to request test materials for students who will test with “state-allowed” accommodations. These students will be those who do not meet ACT's eligibility requirements (e.g., English language learners with no disabilities) or whose requests for ACT approval have been denied.

#### ACT Review of Accommodations Requests

ACT will review requests for ACT approval by applying the Americans with Disabilities (ADA) standards that are used for all such requests. Not every request for an accommodation listed on the attached accommodations summary table as available will be approved. Approval is dependent on submission of all required documentation by the stipulated deadline and review by ACT. It is possible for ACT to approve an accommodation for one student, while the same accommodation may be denied for a different student. ACT's decision whether to approve the requested accommodations under the ADA will determine whether resulting ACT scores can be reported to colleges *in addition to* being used for MME purposes.

Students who do not meet ACT eligibility requirements (e.g., English language learners with no disabilities) or whose requested accommodations are denied by ACT may apply to take the ACT with the denied accommodations under the “state allowed” accommodations option, **or** they may test under standard conditions. NOTE: Students must apply for the “state-allowed” accommodations so that ACT can ship the correct ACT test materials – which are *different* from those used by examinees testing with ACT-approved accommodations.

ACT scores resulting from testing with “state-allowed” accommodations will **not** be college reportable. Thus, some students will achieve ACT scores that are college reportable because their accommodations have been approved by ACT, while others using the same accommodations will achieve ACT scores that are *not* college reportable because their use of those accommodations was not approved by ACT.

#### Local Decision for Accommodations on WorkKeys and Michigan Components

There is **no** separate request form for accommodations on WorkKeys or the Michigan components of the MME. ACT's approval of accommodations applies to the administration of the ACT Plus Writing **only**. School personnel are advised to use ACT's approval as a guideline for ordering alternate formats (e.g., audio versions, large print) of the WorkKeys tests and Michigan components of the MME. Because there is no issue of reporting scores to colleges, schools may provide accommodations on the WorkKeys and Michigan components of the MME consistent with the accommodations listed in the “Michigan Components” columns of the attached accommodations summary table, even if the student tests without those accommodations on the ACT.

Reading the MME Accommodations Summary Table

The attached Spring 2007 Michigan Merit Examination (MME) Accommodations Summary Table is arranged in columns, explained below.

Column	Explanation
Accommodation	Each accommodation that appears on the Assessment Accommodations Summary Table approved by the Michigan State Board of Education is listed.
Michigan Components & MME Scores	MDE has indicated whether each accommodation is considered Standard (S) or Nonstandard (NS) for the Michigan components and for MME Scores. Separate notations have been made for each group – IEP, 504, and ELL. The notations are the <b>same</b> as MEAP unless the row has been shaded (for example, see accommodation #42).
May Request	ACT has indicated whether each accommodation may be requested for the ACT and WorkKeys components of the MME beginning with the Spring 2007 administration.
ACT Comments	These comments clarify ACT’s understanding of each accommodation and any associated restrictions related to the ACT and WorkKeys components.
College Reportable ACT Scores	ACT has noted whether each accommodation <b>when approved by ACT for an individual student with disabilities</b> will result in ACT scores that are fully reportable to colleges and other entities. Offered accommodations, when not approved by ACT for an individual student, will result in ACT scores that are reportable <b>only</b> for MME purposes (i.e., “state-allowed” accommodations). If a student uses a combination of accommodations and <b>any</b> of those accommodations were not approved by ACT, the resulting scores will <b>not</b> be college reportable.
